# Easypack®

quantum™ XT

FROMM | PACKAGING SYSTEMS

innovative • green • packaging

Innovative, green packaging technology for maximum efficiency

The NEW Quantum™XT is a compact, user-friendly void fill system with exceptional reliability and performance. This advanced packing system is totally versatile and highly efficient, allowing users to pack more goods at higher speeds and in any location.

The 100% recycled, recyclable, biodegradable paper allows users to pack directly into the box continuously for faster output, whilst minimising storage space.

Bladeless tear-assist for safe, easy use

quantum™XT

Patented design brings optimised efficiency and safety

The advanced features of Quantum™XT makes it an ideal packing solution for all kinds of goods and irregular shaped items. As a fast void fill solution it allows users to firmly secure goods inside the box, preventing any movement during transit.

The patented, bladeless tear-assist is both safe and requires minimum effort by operators. In addition, the patented telescopic head offers total user flexibility allowing operator to adjust its height, its tilt and output position for total ergonomic convenience.

Features

- High speed continuous paper output, 1.8m per second
- Patented bladeless tear-assist for enhanced safety
- Patented and adjustable head for any operation
- Quick & easy loading system
- Simple control panel
- Multiple paper length settings
- Semi-automatic or footswitch operation
- Adjustable height settings - enhanced ergonomics
- Strong, durable construction

Affix to workstation for total convenience and comfort.

Sustainable paper void-fill is clean, flexible and lightweight.

Quantum™XT delivers 100% recycled paper at speeds of up to 1.8m per second, with the ability to have complete control of output as required to suit all kinds of packing operations.

Benefits

- 100% recycled, recyclable and biodegradable paper
- Fast, convenient on-demand packaging
- Simple and comfortable to use
- Small footprint: floor, workstation or custom mount
- Long roll length minimises replenishing
- Controlled paper consumption improves efficiency
- Outstanding reliability
- Deal direct with the manufacturer
- On-line ordering for next day delivery

> "Quantum™XT revolutionises on-demand packing with its speed, safety and efficiency"

Technical Information

Quantum machine weight	9.4kg
Floor stand option weight	23.5kg
Bench clamp option weight	9.45kg
Output speed	1.8m per second
Usage	on demand
70gsm paper - weight	11.2kg
- length	400m
52gsm paper - weight	12.9kg
- length	660m
Voltage (ac)	120/230
Frequency (Hz)	50/60
Power Max (W)	460

Paper Options

A choice of paper options allow you to select the most appropriate type for your operations and products, ensuring that your goods arrive at their destination in pristine condition.

GSM	Paper colour
70	Brown
52	White
Pallet Quantity	24 Rolls

innovative • green • packaging

It is through our passion for innovation that we have, and will continue to provide high quality solutions that enable our customers to package their goods sustainably, safely, efficiently and cost effectively.

Sustainability is at the heart of everything that we do which is why, since 1992, we have provided our customers with 100% recycled packaging solutions that are 100% biodegradable and 100% recyclable.

Our packaging solutions enable our customers to transport their goods safely and sustainably, allowing them to pack more, spend less and meet their own environmental goals.
